ORGANIC PROTEIN BARS
WELLA BAR

Organic Protein Bars

- “Keep it real and make it fresh,” is the goal in the creation of each Wella Bar.
- For each Wella Bar, the best possible organic ingredients are sought out. The dairy and eggs used are domestic and sourced locally whenever possible.
- The nut butters in Wella Bars do not contain emulsifiers. It is recommended the bars are kept refrigerated; however, Wella Bars will last 2 days without refrigeration (depending on temperature).
- Perfect to consume on-the-go as a snack, put into your lunchbox or sports bags!
